NOTICE OF NON-RESPONSIVE AMENDMENT

The reply/response filed 03/23/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the amendment to the specification is not in strict compliance with the revised mandatory amendment practice under 37 CFR 1.121 as required effective 30 July 2003 (see Attachment). Specifically, the amendment does not provide the proper marking for each new amendment, including the deletion(s). Two examples of non-compliance are provided herein: (A) The recitation 'Serial No. 09/399,710' has been deleted from the top of page 8 of the specification submitted 03/23/05. However, the deletion is not indicated by strikethrough or double brackets. (B) The limitation 'U.S. Serial No. 518,165, than' at the end of page 6 of the original specification is now underlined as though the limitation is newly added. However, this limitation was present in the specification as originally filed. Since the above-mentioned reply/response appears to be *bona fide*, Applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
